

HOW MANY BBQ-DONUT[®]s DO FIT INTO A CONTAINER?

20` Container

40` Container

This is an example. Of course you can mix the type of bbq-donut[®] in container depending on your order and your needs.

To make sure your bbq-donut[®] is getting unloaded safely out of the container, you have to take care of a fork-lifter with **long forks** at the unloading point.

!ATTENTION!

Getting goods safely around the world!

Of course, as the inventors and producers of bbq-donut[®], we make absolutely sure that your bbq-donuts[®] will be delivered safely, on time and absolutely professionally to your destination.
